

'Actions on Invasives' is a project of the Invasive Species Engagement Programme. For more information on this work programme, contact Kate Moore, the Invasive Species Engagement Officer, via [kmoore@biodiversityireland.ie](mailto:kmoore@biodiversityireland.ie)

# ACTIONS on INVASIVES

Stop the Spread of Invasive Alien Species in Ireland

SCAN HERE

## What is 'Actions on Invasives'?

'Actions on Invasives' is an online mapping system that allows everyone to log and map the actions they have taken on invasive species, providing public recognition of your efforts, and facilitating co-ordination of actions taken to address invasive species across Ireland. The portal also allows us to collect data which will be reported back to the European Commission on the implementation of the Invasive Alien Species Regulation 1143/2014. The Actions on Invasives initiative is managed by the National Biodiversity Data Centre.

## How do I get involved?

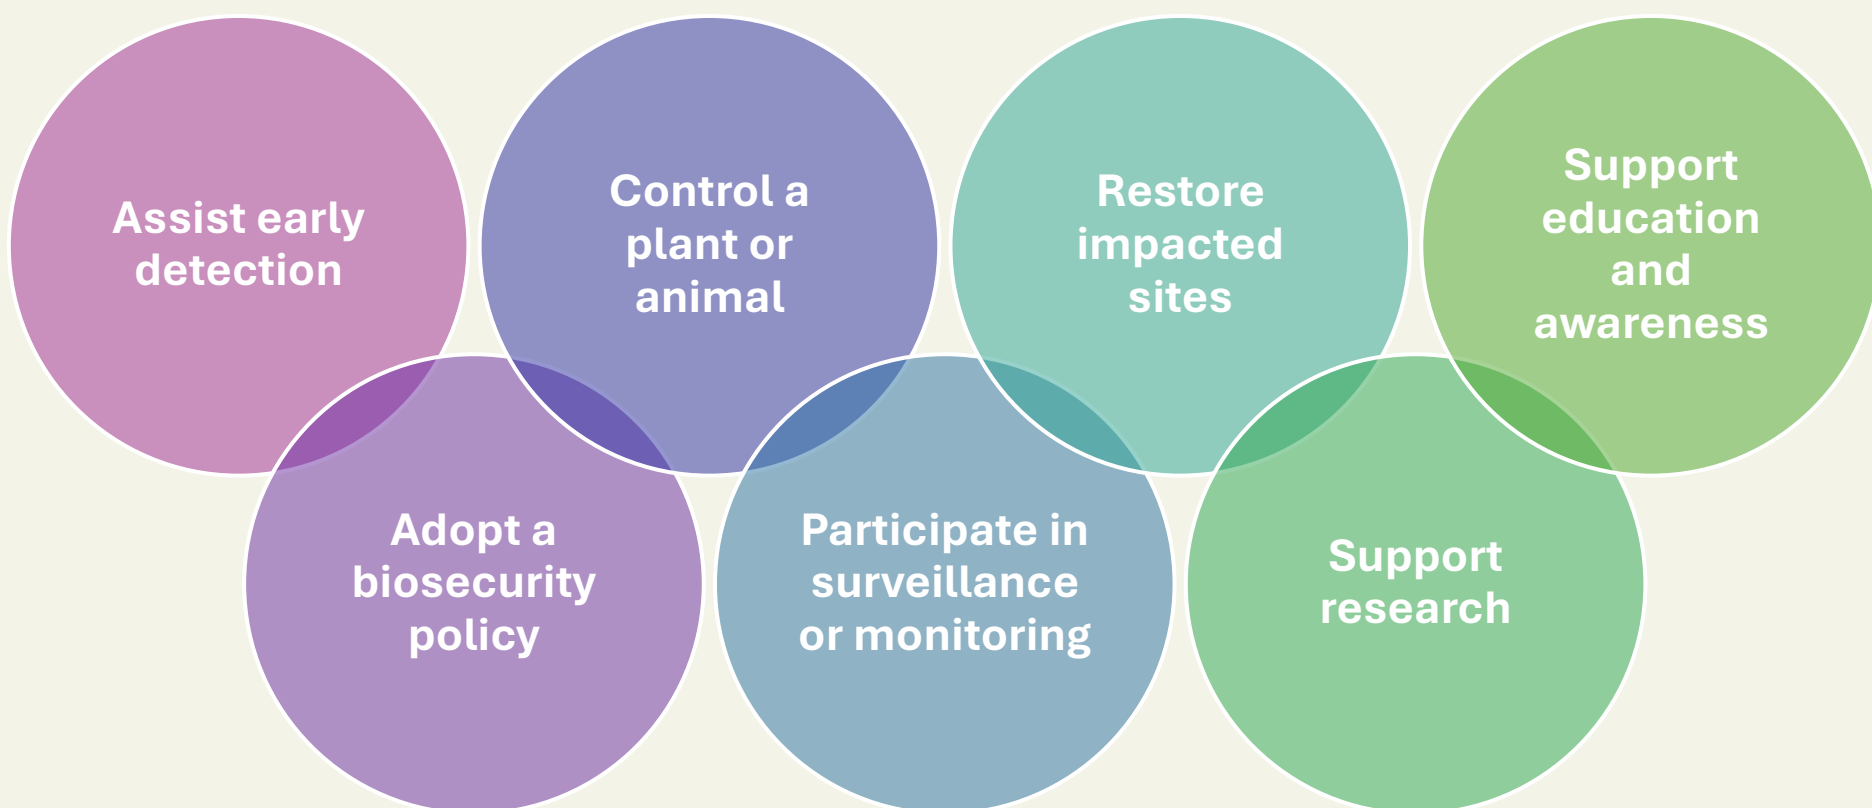

- 1 Visit [invasives.ie](http://invasives.ie) to see what actions you can take.
- 2 Sign-up to the 'Actions on Invasives' initiative.
- 3 Zoom into the map and draw around your site or mark your club, business etc.
- 4 Describe the actions you are taking on invasives.

## Who should use 'Actions on Invasives'?

## What actions could I take?

## Key benefits

Providing a mapping system to log sites and organisations who are actively managing invasive species.

Building capacity to co-ordinate actions to tackle invasive species.

Building a national network and opportunities for collaboration.

Demonstrates organisations commitment to protecting biodiversity.

Open source of information for the public and interested sectors/groups.

Acknowledges the national effort to tackle invasive species.
